SOLDIERING FOR SOLDIERS IS NOW TO BE ENFORCED

Gen. Carter Issues Orders to
Make Quartermaster Corps
Do Work For Which It Was
Organized Three Years Ago

GARRISON COMMANDERS ON OAHU RECEIVE ORDERS

No More Building Roads, Trim-
ming Hedges, Whitewash-
ing Fences or Such Odd Jobs
For Fighting Men in Hawaii

Straight soldiering for soldiers is the aim of Maj.-Gen. William H. Carter, who commands all the troops of the Hawaiian garrison. It is Gen. Carter's idea that Uncle Sam isn't getting full value in results, when soldiers are taken from their work and training to whitewash fences, trim hedges and build roads, and he has taken action along these lines.

Three years ago the quartermaster corps was organized to perform the duties about army posts which do not properly come under the head of soldiering. At that time it was hoped that the line would be relieved of much fatigue duty, and high hopes were held out for the working of the system. But, as a matter of fact, soldiers are still called on to perform the work of mechanics or laborers and company commanders are continually complaining that they can not get their men out for training. Gen. Carter is taking the lead in the correction of the present system.

The following letter was recently sent by Col. Campbell, the department adjutant, to the commanding general, Schofield Barracks, and the commanding officers of Fort Shafter, the Department Hospital, and the Coast Defense of Oahu:

"1. The department commander desires that the quartermaster corps detachment at your post shall, as far as possible, take over the duties contemplated when the enlisted force of that corps was created as a service corps and that the detail of men from line organizations to duties which prevent their attendance at military instruction shall cease at the earliest possible moment.

"2. The duties expected of the quartermaster detachment are those which relate to the maintenance of the post, care and handling of supplies which will continue whenever the line troops are withdrawn from the post for any purpose. The line organizations should be held responsible for the police and sanitary care of their barracks and immediate surroundings. The maintenance and police of the roads and walks; care of trees, shrubbery, pavements, street lamps and similar permanent post work; the handling, storing and distributing of supplies, and similar duties pertain to the quartermaster corps. Many of these duties admit of permanent assignment of enlisted men of the quartermaster corps to the work which should be so regulated as to avoid as far as possible any details for the purpose from line troops.

"3. Where the number of quartermaster corps men is too small to properly perform these duties, post commander should determine by actual experience the smallest number necessary to be added to the force and a report made to that effect to these headquarters. It is the intention of the department commander to make an effort to obtain the proper personnel to carry out the work of the quartermaster corps at each post in accordance with the ideas contained in this communication.

WILL NAME AYER AS NEW SURGEON FOR CITY CASES

Mayor Lane announced today that Dr. Richard G. Ayer, a physician and surgeon who has been in Mexico and who has been in Honolulu for several years, is to be appointed to the position of emergency hospital physician for city cases at a salary of \$200 a month, as provided for in the budget passed by the supervisors recently.

The understanding at that time was that if Dr. Ayer could take care of the work of the police surgeon, which office the late Dr. Nathaniel Emerson held, the police surgeon office would be consolidated with the hospital position. Dr. Ayer has expressed his willingness to handle both positions at the original salary of \$200 a month, as soon as the appointment has been approved by the board of supervisors. Mr. Ayer will take up all emergency hospital cases. Under an agreement with the trustees of the Queen's hospital, an emergency ward is to be maintained at the institution.

Dr. W. L. Moore is acting as police surgeon. Dr. Emerson having agreed that he should draw the salary during Dr. Emerson's leave of absence. The new budget continued the police surgeon's salary until September 30, but the death of the regular incumbent may cause the item to be rescinded.

INFLUENCES AT WORK TO PARDON W. F. ARMSTRONG

Friends Would Free Former
Treasurer of Moose Order
From Jail

ACTING GOVERNOR AND JUDGE STRONGLY OPPOSE

Thayer and Ashford Against
Loosing Man Convicted of
Embezzling Bonds

William F. Armstrong, former treasurer of the local lodge of the Moose order and now serving a sentence in Oahu prison for embezzlement, is the proposed beneficiary of a strong movement to secure a pardon. Governor Pinkham, who arrives from the mainland tomorrow, is to be asked at once to pardon Armstrong.

If the pardon is granted, it will be virtually over the protests of Acting Governor Thayer and Circuit Judge Ashford. It was before the latter that Armstrong's trial took place and Judge Ashford sentenced him to serve his prison term. Both the acting governor and the judge have been approached by men working on behalf of Armstrong, and both have replied in decided terms that they are absolutely opposed to a pardon for Armstrong at this time.

The movement for a pardon has influential backing. Ex-Judge W. R. C. Stewart of Roseman, Montana, who is said to be a brother-in-law of Armstrong, wrote to Judge Ashford to get his views and Governor Stewart of Montana, related through the Roseman judge to Armstrong, is understood also to have interested himself.

Locally a petition is in circulation asking for the pardon. It is being rather well signed, from what could be learned today. It is stated that the jurors who sat in the Armstrong case are being asked to sign. These jurors, according to the court records were William Hinton, D. F. Lemon, H. P. Roth, A. Henry Afoosa, Jacob Orestsen, Adolph B. Angus, Samuel C. Dwight, Charles A. McWayne, William H. Soper, Edward L. Kaula, James L. Young and Raymond Irwin.

The Armstrong case has occupied a good deal of public attention for more than a year. Armstrong was treasurer of the board of trustees of Lodge 800, Loyal Order of Moose of the World. As such he had possession and control of three Oahu bonds of \$1000 each. There was a row in Moose circles, many members quit and organized the Phoenix, and disputes arose concerning the custody of the original Moose lodge property. Armstrong sold the bonds through a local trust company and converted the money to his own use, according to the later legal findings. He left Honolulu and went to San Francisco.

On July 10, 1914, Armstrong was indicted by the territorial grand jury, and a deputy sheriff was sent to the coast to bring him back. He made a fight against extradition but was finally returned, reaching here in custody on November 10 of last year. The trial occurred last winter. Armstrong was found guilty and sentenced by

LEO M. FRANK GROWS WORSE

MILLEDGEVILLE, Ga., July 18.—Leo M. Frank, who was stabbed in the throat by a fellow-convict in detention here, is worse late today, according to his physicians. An investigation is in progress to learn whether his assailant had any accomplices in planning the attack on the man whose death sentence was commuted by former Governor Slaton.

CABLE SERVICE BLOCKED

NEW YORK, N. Y., July 19.—The Guam-to-Tokyo cable service is interrupted.

MUST CABLE VIA ATLANTIC.

During interruptions beyond the island of Guam, cablegrams to Japan, China and the Philippines may be forwarded via the Atlantic at Atlantic rates. Cablegrams to Japan may have code addresses and the text may be expressed in any one of the seven authorized codes. They must be signed. Cablegrams to China and the Philippines must be in plain language, English or French. They must be fully addressed and signed.

Mr. L. M. Veltzen, consul of Norway, is a departing passenger in the Canadian-Australian steamer Niagar next Thursday, going on a vacation trip of some six weeks' duration along the Pacific coast. Mr. Bruce Cartwright, Jr., consul of Peru, will have charge of the Norwegian consulate during Mr. Veltzen's absence.

AUSTRIAN SUBMARINE SINKS 7400-TON ITALIAN CRUISER

(Associated Press by Federal Wireless.)
VIENNA, Austria, July 19.—Official—The Italian cruiser Giuseppe Garibaldi, 7400 tons, has been torpedoed by a submarine and sunk in 15 minutes, south of Ragusa. The fate of the crew of 550 is not mentioned.

The Garibaldi was built in 1879 and had a speed of 20 knots. She carried moderately heavy guns. Ragusa is a port of Dalmatia, Austria, on the Adriatic sea.

The following cablegram from official German sources was received this morning:
"VIENNA, Austria, July 18.—An Austro-Hungarian submarine this morning torpedoed and sank, south of Ragusa, the Italian cruiser Giuseppe Garibaldi. The cruiser foundered within 15 minutes."

BOAT CREW WAS DRUNK, ASSERT THE WITNESSES

Testimony Before Public Utilities
Commission About
Lahaina Drowning

SAY STEERSMAN TOOK BOAT OUT OF COURSE

Saffrey Declares He Warned
the Man, But Received No
Answer of Any Kind

That members of the second boat crew of the steamer Kilauwea were drunk on the night of the drowning of the two steerage passengers at Lahaina last May, and that the boat steersman was heard to remark to them that they would get a good ducking at the Lahaina landing, was some of the evidence brought out from the questioning of two of the passengers of the second boat, at the investigation by the Public Utilities Commission which was continued from last Saturday at 10 o'clock this morning.

Mr. and Mrs. John Saffrey, Hawaiian who live at Lahaina, were the witnesses who gave this evidence. Saffrey, the first witness called, stated that the Kilauwea on the night of the accident was anchored 200 or more yards from the usual place. The sea, he said, was calm, and there was no wind. Saffrey, who has made the harbor entrance many times as a boat boy and a steersman, said that the second boat was out of her course on this night, and that he told the steersman so.

Saffrey, his wife and Kate Akiau all testified that no answer was made to Saffrey's warning, but that the steersman seemed trying to turn the boat. As it swung sideways to the breakers a wave hit it and sent it over. Saffrey stated that he dived from under the boat soon after he found himself in the water. He took with him a small child and a Chinaman, whom he thought at first to be his wife.

The Chinaman was shown the way to shore as soon as the two gained a footing, and Saffrey says he thought the man would have no trouble in

VISITORS FROM ORIENT TALK AT CLUB LUNCHEON

There were men and speakers of every Pacific nationality at the Pan-Pacific luncheon today at the Hands-Around-the-Pacific workers from Peking and Shanghai.

The lunch was held at the University Club, Consul-General Thomas Sammons of Shanghai being the first speaker. He told of China's prosperity and then of the Wednesday luncheon club he has recently organized in Shanghai, where 100 Americans meet together weekly.

George A. Fitch told of the work his Saturday Club is doing in getting the many nationalities in China to work together. He spoke of the visit of Alexander Hume Ford to Shanghai more than a year ago, and of one of the results of the Hands-Around-the-Pacific propaganda, the China Advancement Association, which, based on the constitution of the Honolulu organization, is becoming a Chinese national tourist bureau that also preserves the ancient monuments in the new republic.

J. S. Burgess of Peking told of the work of the Returned Students League that in Peking is 600 strong, and is giving its men to provide free education for the masses.

There were also short talks from local speakers, Chu Gem, the Chinese merchant; Dr. I. Mori, Col. Curtis Iauke, who delivered a message from the queen; and F. L. Theodore, the Filipino journalist. Paul Super made the farewell remarks, and Alexander Hume Ford presided.

Consul General Sammons, J. S. Burgess and George A. Fitch, after being entertained at luncheon, were taken sightseeing this afternoon. They will sail for the coast on the Tenyo Maru tomorrow.

NEW CAMPAIGN FOR PURE FOOD JUST LAUNCHED

U. S. Commissioner Hansen
Starts Whirlwind Fight for
Protection of Public

PROSECUTE PEOPLE WHO SELL AT SHORT WEIGHT

Territorial Law Will Be En-
forced and Later Federal
Statute Touted Out

If you are manufacturing ice cream or the so-called "frozen sweets," if you are manufacturing or dealing in foods or drugs, whether they be for men or animals, or if you are shipping foods or drugs into the territory, then you had better be on the lookout.

A. W. Hansen, United States food commissioner for the territory, will "get you"—if you don't watch out. A whirlwind pure food and drugs campaign has been started by Mr. Hansen's office, he announced today and it will be along several new lines of law enforcement.

Mr. Hansen's department today that one of the first things his office will undertake will be the enforcement of the territorial net-weight law. This will be particularly with reference to cattle and poultry foods, flour and foodstuffs in general. There is a federal net-weight law which the local office will enforce later.

The law requires, in brief, that all foodstuffs in package form must bear a plain and conspicuous statement of the net contents in terms of weight and measure, on the label of the package delivered to the consumer. This means packages of foodstuffs for animals as well as men.

"As an illustration of the great harm which is constantly arising in the matter of cattle and poultry foods," says Mr. Hansen, "rolled barley is, by the trade, supposed to be sold in bags of 70 pounds each, but unscrupulous dealers very frequently short-weight by selling bags of 60 or 62 pounds net weight."

Mr. Hansen points out some very

CITIZENS ASK DIAMOND HEAD ROAD REPAIRED

Diamond Head road, considered by many as the best "tourist road" in the islands because of its easy accessibility and fine view, needs repairing badly and a number of citizens have signed a petition to the board of supervisors to get something done.

The following petition was drawn by John Guild and has many signatures:

"We, the undersigned, residents and property owners in the district of Kaula and Kahala desire to bring to your especial attention the present bad condition of the Diamond Head Road over which we are obliged to pass in order to reach our beach places. In view of the amount of regular travel over that road during the summer months, the fact that from a scenic standpoint the drive is one of Honolulu's most beautiful attractions, and the further fact that a number of residents of Kaula have improved at their own expense the road leading from the main road to that section, we feel that it is in order to request that early steps be taken to place in proper condition the main drive around Diamond Head, especially as the requisite material for repair work can in all probability be procured practically at the points needing improvements."

"Respectfully,
"J. P. Cooke, J. Waterhouse, John Guild, A. N. Campbell, R. B. McDrew, F. C. Atherton, E. H. Waterhouse, E. A. McNerny, W. F. Dillingham, H. M. Whitney, L. Tenney Peck, Virginia R. Isenberg, by E. G. Dunsenberger, attorney; F. E. Steere, W. A. Low, Geo. P. Denison, F. C. Smith, M. E. Grossman, W. E. Wall, Jas. W. Pratt, S. B. Dole, A. F. Clark, The Trustees of the Oahu College, by A. F. Griffiths, Daisy B. P. Smith, Mrs. L. H. McWayne, by E. C.

PEACE IS BRYAN THEME

RUMANIA'S KING MAY
BE DRAWN INTO WAR

King Carol of Rumania. Despatches this morning say that Rumania has practically been given an ultimatum by the Teutonic Allies to allow unimpeded transit of munitions across Rumanian territory for Turkey. This Rumania has declined to do. Unrest is increasing in the Balkan states with Rumania admittedly on the verge of war.

VILLA SOLDIERS BADLY DEFEATED

Carranzistas For the Moment
on Top—Famine in Mexico
City Worse Than Ever—
Bread-Tickets Insufficient—
New Attack on City Likely

(Associated Press by Federal Wireless.)
WASHINGTON, D. C., July 19.—Disastrous defeat of the Villa forces in several places is confirmed by official advices here, the Constitutional cause being triumphant in late battles. Carranza's forces have occupied Cananea and this morning it was reported that in a six-hour battle west of Agua Prieta they were again defeated.

A report here today says that famine throughout Mexico is imminent as a result of the depreciation of the currency, the great number of unemployed and the lack of crops. In Mexico City the supplies of bread tickets are utterly insufficient and the hunger is so great that the people have crowded the abattoirs, where meat is being dressed, begging for the blood. Consul-General Arnold Shanklin has been recalled from Mexico City because of friction with the Brazilian minister and methods of working at cross-purposes in Mexico. The differences are said not to be serious.

Official advices late today are that Gen. Gonzalez, the Carranza military leader, has left Mexico City to take Pachuca. It is thought that he has gone to meet Villa's southern column, which is reported approaching the capital.

NACO, Mex., July 15.—Carranza forces occupied the town after a short skirmish with few casualties.

TORPEDO FLOTILLA BACK FROM CRUISE

SEATTLE, Wash., July 19.—The Paul Jones, Preble, Perry and Stewart of the Pacific torpedo flotilla arrived here today after the San Francisco cruise. The Whipple has been delayed by a storm.

EX-SECRETARY SPEAKS LOUDLY FOR JAPAN'S FRIENDSHIP; U. S. PATIENCE IS EBBING RAPIDLY

PRESIDENT WILSON AND SECRETARY LANSING DISCUSS
REPLY TO TEUTON MISSIVE—CABINET WILL CONSIDER
IT TOMORROW—LABOR LEADER DECLARES FOREIGN
INTERESTS FOMENTING STRIKES IN AMERICAN INDUS-
TRY—GERMANS CONCENTRATE ATTACK TO GET WAR-
SAW—FRENCH SAY TEUTONS REPULSED ON WEST

(Associated Press Service by Federal Wireless)

SAN FRANCISCO, Cal., July 19.—Ex-Secretary Bryan was delayed by a late train. When announcement was made that Bryan could not appear for his scheduled speech, almost all the audience marched out.

Arriving later, the former secretary of state devoted a large part of his talk to a discussion of American-Japanese relations.

"The Pacific should be the connecting link and not a barrier between the white and the yellow races," he said. He deprecated jingoism, declaring "it should be eliminated here before we criticize Japan. America is the friend of these countries and must so remain. I believe this feeling is fully reciprocated across the Pacific. Those warning us against Japan are doing so because of ignorance."

Uncle Sam to Warn Germany Can't Stay Passive if Acts Continue

WASHINGTON, D. C., July 19.—President Wilson, who has returned from his summer home at Cornish, N. H., and Secretary of State Lansing today discussed the draft of the note to Germany in reply to the latest German missive upon submarine warfare.

It is understood that they have agreed that the next communication must be of an explicit and definite character, making it unmistakably clear that America cannot be expected to remain passive in the event of another attack upon an unarmed ship and the resultant loss of American lives.

It is virtually agreed that the note will announce the intention of the United States to assert her rights upon the seas in accordance with international law. The note will be laid before the cabinet tomorrow for consideration and possible changes.

It is not yet certain whether this statement will contain a reference to the submarine attack upon the liner Orduna, which was assailed with 21 Americans on board bound from Liverpool to New York.

Labor President Declares Foreign Interests Fomenting U. S. Strikes

WASHINGTON, D. C., July 19.—Samuel Gompers, president of the American Federation of Labor, is attempting to settle the strike at the Remington Arms Company's factories at Bridgeport, Conn. Some of the men there walked out, demanding an increase of pay. The company is filling large war orders for the British and French governments.

It is expected that the influence of the United States government will be exerted to bring about an early agreement. President Gompers today declared: "I know that foreign interests well supplied with funds have sought to bring on labor troubles and prevent the shipping of American products to Europe. I know that there were attempts to cause a strike of longshoremen and when that failed there were efforts to cause a strike among the seamen."

Teutons Concentrate Vast Forces For Smashing Drive Upon Warsaw

NEW YORK, N. Y., July 19.—Belated despatches from the European battle-zones today show that fighting is in progress along the entire eastern and most of the western front.

Advices say that the Teutons have concentrated vast forces for a tremendous attack along a hundred-mile front between the Vistula and the Bug rivers. The Teutons are putting severe pressure upon what the critics declare is one of the best armies Russia has ever mustered.

On the west, the French say that the German attacks upon the Allies' positions at Souchez and at Argonne have been repulsed.

LONDON, England, July 19.—Official announcement was made today that the total British casualties, both in army and navy, at the Dardanelles up to date amount to 42,454.

LONDON, England, July 19.—It is understood that the striking miners and their sympathizers in the Welsh coal districts have proposed a basis for settlement of the labor troubles. No details are available.

The government postponed today action under the munitions act to prosecute the strikers.
Minister of Munitions Lloyd-George goes to Cardiff tonight to talk to the miners.

(Additional Telegram Despatches on Page 9)
